

Introduction

PS ASSOCIATES started in the year of 2009, with a vision to provide engineering consultancy, manufacturing and service support for NVH and acoustic test facilities, Engine Test cell acoustic lining and Noise Booth for component testing, Acoustic enclosure for noise control, etc. Now we have geared up as a manufacturing firm w.e.f September 2013.

We offer our best support and provide complete solution in NVH testing and measurements. In addition we provide consultancy for Dynamic balancing , ERP solutions and Renewable energy management solution.

PS ASSOCIATES infuses engineering with workmanship. Down the line, we have been successful in supplying acoustic lining materials, Noise booth, and Acoustic enclosures to our reputed customers across India.

Our Motto

“Service... Support... Satisfaction...”

Our Vision

“Perform every day for future growth”

Our Values

- ❖ Respect
- ❖ Honesty and Integrity
- ❖ Care and Commitment
- ❖ Achievement

Our People

Our People are proud to be building a successful future for PS ASSOCIATES. Our aim is to have a Vibrant - Multi skilled flexible team having young and motivated engineers, having a mixed role of design, technical, administrative, and project management skills.

“ We identify and provide best solutions to solve your noise related problems ” .
